### NOT GUILTY

As Charged in the Indictment, Says  
the Jury and Jacob Love Walks  
Forth a Free Man

The case of the Commonwealth against Jacob Cleveland Love, charged with voluntary manslaughter for the killing of Ellsworth Huron on trial in the Mason Circuit Court for the past two days, terminated yesterday in the acquittal of the accused on the ground of self-defense.

It is understood that the Jury stood on the first ballot eleven to one for acquittal. The Commonwealth was represented by County Attorney T. D. Slattery and the defense by Attorney A. D. Cole.

The unfortunate killing occurred on Monday night, October 31, 1911, on J. J. Wood & Son's corner, and was witnessed by a number of reputable witnesses whose testimony tended to show that the act was committed in self-defense.

## REPUBLICAN CONVENTION MEETS TODAY

Pursuant to a call of the Republican State Central Committee there will be a Republican County Convention at the Court House in the City of Maysville, Ky., on April 6th, 1912, at 1:00 p. m. for the purpose of selecting delegates to the District Convention which meets at Maysville on April 9th, 1912, and the State Convention which meets at Louisville, Ky., April 10th, 1912.

All Republicans are requested to keep this date in mind and be present at the convention.

H. P. PURNELL, Chairman  
Mason County Republican Committee.  
Maysville, Ky., March 25th, 1912.

Roosevelt made a great man out of Taft and now Taft is making an ass out of Roosevelt.—Carlisle Mercury.

Very cleverly, if not elegantly put. However, Taft was a great man before Teddy o. k'd him.

Matchless orators and peerless leaders used to tell us that what we needed to get back good government in its purity was free coinage of silver. A little while before that they told us it was unlimited issues of first paper currency or a ban on immigration or single

or-public ownership, just as they are telling us now that the royal road to good government is via the initiative, the referendum and the recall.

There is a good deal of quackery about this business. What we need is not so much new laws and new methods as it is an aroused civic conscience to use with wisdom and integrity the laws and the methods we have. If a man wishes to go to Louisville and takes a train for Chicago, it is useless for him to demand more and different railroads. If men pick out the worst scamps in the community to rule over them, it is childish for them to ask for some law that will make them fill the offices with persons of brains and character.—Indianapolis Star.

Every teacher in the public schools of New York has been asked to fill out a blank in answer to the following questions:

What theaters do you attend?  
What books do you read?  
Do you travel, and where, and for what purpose?

What do you do with your leisure time?  
Upon the answers given, the board will determine the teachers salary, rank and chance of promotion in the future.

Has the board of education a right to probe into the private affairs of its teachers? The board declares it has, and its reason is that the old idea that a city employee is paid only for his time clock record, is wrong.

The new idea of efficiency is the keynote of the educational system as well as that of any other business institution. In this sense, then an employee's whole time belongs to the city, and he should use it in such a way as to increase his efficiency, if he wants to be considered for promotion.

Every organization to day is trying to raise the standard of efficiency, so that there will be no lost motion.

It adds infinitely to one's own feeling of responsibility to realize that the total output of every worker. The teachers are part of the great machinery that is turning out future citizens and they need to spend their leisure time in study and further preparation.

The Republicans of Mason county, with a unanimity of purpose that presages victory all along the line, will meet this afternoon at 1 o'clock at the Courthouse to select delegates to the State Convention next Wednesday at Louisville. There is practically no opposition to President Taft in Maysville or Mason county and the 26 votes of the county will go to Louisville solid for him. Next Wednesday the State of Kentucky will declare for Taft in no uncertain tones by sending an almost solid delegation for him to the Chicago Convention. Taft has the nomination already won and further opposition to him is senseless.

Judge O'Rear has announced that he is a candidate for Delegate-at-large to the Republican National Convention. He is also an announced supporter of Colonel Roosevelt in the face of the Taft resolution adopted at his instance and incorporated in the Republican State platform on which he made the race for Governor last year. According to custom this honor has been given the last Republican nominee for Governor without the asking and Judge O'Rear, we believe, is the first to seek it. Under the circumstances, however, it is inconceivable that the Republican party violate its pledge to Mr. Taft as Judge O'Rear has done, and carry out the old custom. He has chosen to make his fight as a Roosevelt adherent and as such will be fought.—Mt. Sterling Gazette.

## Foolish Philosophy.

Little girls have a habit of finding a great deal of unreasonable fault with their little brothers. And after the girls are grown they wonder why their brothers do not love them as they should.

You have many faults, as you certainly have heard; but perhaps you do not know that the greatest is the disposition to overestimate yourself.

Certain situations cause you humiliation when the fault is not yours.

Every woman believes she is an ideal sick-room visitor.

Did you ever see two left-handed men shake hands?

When he is generally known as a Grand Man, it is usually a sign that he takes an interest in some Great Work he can't accomplish.

If the truth hurts you, it is a sign that you have been playing with a lie.

Your troubles are like your children; you must take care of them and keep them out of other people's way.

After a man reaches seventy he is so disgusted that he doesn't fear death much.

When a boy studies for the ministry, the idea is nearly always put into his head by his mother.

You know how easily people bother you? We'll that's the way people feel about you.

There is a certain pleasure in apologizing, when you are not apologizing for anything serious.

When a young woman gets married, every wife longs to have a "private talk" with her.

A thin woman ran to catch a car, and fell into a seat exhausted. "I feel," she panted, "like a fat woman."—Ed. Howe.

Hamilton Magazine.  
Three little tots sat beside her on one side and two a bit older on the other.  
"Are those your children, madam," asked the conductor, as he collected the fare, "or is it a picnic?"  
"They are my children," she answered, with a weary look, "and it is no picnic."

## Where is He Risen?

By Wilbur D. Nesbit

"And go quickly and tell His disciples that He is risen from the dead."—Matthew xxviii, 7.

I like to think that bud and bloom  
And grass and leaf  
Are symbols of the empty tomb,  
Of ended grief.  
I like to think of Him that He  
Is risen here,  
And that His presence we may see  
Each waking year.

For Heaven is so very far,  
We cannot reach  
The nearest little guarding star  
By sight or speech—  
But when the day is gladdened by  
This clearer blue,  
Then Heaven is not far and high  
From me and you.

I fain would think He breathes above  
The grass and trees,  
His heart that throbs with human love  
Awakens these;  
And lilts pure as acolytes  
Their censers swing,  
While all the meadowlands and heights  
Are worshipping.

So in this thought of mine I find  
In stone and clod  
And hedge and lattice blossom-twined,  
The breath of God.  
And yonder in the growing wheat  
And fallow lands  
I see the path that knew His feet—  
Work of His hands.

And so from every bird that sings  
I hear the voice  
That one supernal message brings.  
"Arise! Rejoice!"  
I like to think of Him that He  
Is risen here,  
And that His presence we may see  
Each waking year.

## The Delinquent Rabbit

By Wilbur D. Nesbit

THEY said last year when Easter was, an' me an' brother John got lots o' eggs with names an' lots o' little pictures on. That rabbits laid the Easter eggs, an' he showed me where the paper had a picture of the rabbit nest.

"An' Pa, He Showed Me Where the Paper Had a Picture of the Rabbit Nest."

As if they'd glad, their Easter eggs by little boys was found.  
An' so I got a bunny now; I had it for a week.  
An' it ain't cackled none at all, although inside its little house an' look if I can find some eggs—

"I've Showed It Pictures Like I Want Put on My Easter Eggs."

But it just sits up when I come, an' begs an' begs an' begs.  
For lettuce, an' an' cabbage leaf, an' silvers with its nose—  
I wonder if a rabbit flaps its wings some when it grows!  
I'm tryin' to encourage it; I've give it lots o' straw—

But it don't build a nest at all, it wants to sit an' gnaw. Th' cabbage leaves, an' hop around an' scare at dogs an' cats.  
An' turn an' jump a foot or two when I look through th' slats.  
An' when it's night th' rabbit won't get up there on th' roost.  
An' doesn't like it when I try to help it with a boost.

I've showed it pictures like I want put on my Easter eggs—  
I guess it understands me, 'cause it took them with its legs

"Just Sits—an' Begs an' Begs."

In front, an' hold them up, an' tried to eat them, too.  
Then let them drop an' looked at me as if to say I knew  
Just what I meant—but still it's mighty queer:

It hasn't laid an egg at all, an' Easter's nearly here.  
It just sets 'round an' spends its time a wriggle-in its ears.  
An' jumpin' sideways, fraidlike, at each little sound it hears.  
I got some corn an' stuff like chickens eat, an' throwed it in.  
An' told my rabbit that it's time egg-layin' should begin;  
I got a nice big nest egg an' I've put it in th' nest.  
An' told my rabbit to call in an' do its level best.

Make Your Own Easter Bonnet.  
How few women realize the possibilities of things that are ready to hand for making an Easter bonnet that shall be beautiful, unique and individual! The ordinary clothes line lends itself readily to a most artistic creation. Take one that is about worn out and coil it into a brim. Soak this overnight in glue to fix it flatly. Then for the body of the hat shred about ten feet of the rope and arrange this upon graceful loops of the remainder, dyeing it all in different tints to suit your complexion or your taste.  
Fasten it on with clothes pins.

A PASSING THOUGHT.  
Life is like an Easter egg.  
We shatter many a lively dream.  
And when we've reached the useful part,  
We've spoiled the decorative scheme.

### SHE QUIT COFFEE And Much Good Came From It

It is hard to believe that coffee will put a person in such a condition as it did a woman of Apple Creek, O. She tells her own story.

"I did not believe coffee caused my trouble, and frequently said I liked it so well I would not quit drinking it, even if it took my life, but I was a miserable sufferer from heart trouble and nervous prostration for four years.

"I was scarcely able to be around at all. Had no energy and did not care for anything. Was emaciated and had a constant pain around my heart until I thought I could not endure it. I felt as though I was liable to die any time.

"Frequently I had nervous chills and the least excitement would drive sleep away, and any little noise would upset me terribly. I was gradually getting worse until finally one day it came over me and I asked myself what is the use of being sick all the time and buying medicines so that I could indulge myself in coffee?

"So I thought I would see if I could quit drinking coffee, and got some Postum to help me quit. I made it strictly according to directions and I want to tell you that change was the greatest step in my life. It was easy to quit coffee because I had the Postum, which I like better than I liked the old coffee. One by one the old troubles left, until now I am in splendid health, nervous steady, heart all right and the pain all gone. Never have any more nervous chills, don't take any medicine, can do all my housework and have done a great deal besides.

"My sister-in-law, who visited me this summer, had been an invalid for some time, much as I was. I got her to quit coffee and drink Postum. She gained five pounds in three weeks, and I never saw such a change in anyone's health.

"There's a reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true and full of human interest.

### OUR WEEKLY SPORT LETTER

BY C. H. ZUBER.

CINCINNATI, O., April 4th, 1912.

The sixteen big league teams are all set for the opening of the season of 1912; but according to reports and recent performances quite a number of them will not be able to show their true form until some time after the first game is played on Thursday, April 11th, because of lack of condition. Never in the history of baseball has a spring training season been so unsatisfactory as this year. With the exception of the Cincinnati's, the Chicago White Sox, and the Philadelphia Americans, none of the big league teams were able to do anywhere near their quota of conditionings. These circumstances worked a particular hardship upon the young players, who were unable to develop their true form and so suffered handicaps in the matter of earning positions with the big show. This accounts for so few reports being received from the South concerning the work of so called phenoms and is responsible for many youngsters being sent back to the minors this early in the season. Present indications are that the number of youngsters sticking in fast company will not average three to a team.

Some idea of the scarcity of new players in the line-ups of the teams may be gained by looking at the rosters of the first two National League teams who meet the Reds. The Chicagoans, who open the season here, announce only one change in their lineup and that is the substitution of Eddie Lenox at third base in place of the late Jimmy Doyle. All the other positions including first base with Chance and second base with Evers, will be guarded as they were when the Cubs won their last championship. And it may be added that Lenox is not a newcomer in fast society, having played several seasons with Brooklyn.

### FOR MAYSVILLE PEOPLE

MAYSVILLE CITIZENS' EXPERIENCES FURNISH TOPICS FOR MAYSVILLE DISCUSSION

The following experience occurred in Maysville. A Maysville citizen relates it. Similar experiences are occurring daily. Maysville people are being relieved. Getting rid of distressing kidney ills. Trying Doan's Kidney Pills the tested Quaker remedy.

Maysville people testify, Maysville people profit. The evidence is home evidence—the proof convincing. Maysville testimony is gratefully given. Maysville sufferers should heed it. W. F. Lynch, 127 W. Third street, Maysville, Ky., says: "Doan's Kidney Pills are a fine medicine. My kidneys were weak and the passages of the kidney secretions were scanty and painful. Having used Doan's Kidney Pills before, I again got a box and their use quickly restored my kidneys to a normal condition. I continued using Doan's Kidney Pills and they completely relieved me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

The Pittsburgh team, which will be the first Sabbath attraction, beginning a series at the new Cincinnati Park on Sunday, April 14th, does not promise any particularly new faces, although the line-up will be somewhat different from that of last season. Jack Miller, former second baseman, will be found at first base, McKeeble or McCarthy at second base, and Mike Donlin, last year with Boston, in left field in place of Clarke. The others, with the exception of some pitching experiments, will line up the same as last year, including the great Hans Wagner who has been made Captain of the team.

When he passed through the city on Thursday morning, enroute to Columbus with the Reds, Manager O'Day states that with the exception of Egan, who is suffering with an injured ankle, all his men are in shape to begin the battle for the championship. O'Day is particularly sweet on several of his youngsters and feels certain that four or five of his recruits will stick in the big league. This number includes infielders Phelan and McDonald, outfielder Marans and at least two pitchers. For the present at least all of the seven twirlers who finished last season with the Reds will be retained, the prospects being that nine men will be carried in the hurling department all season, provided that many show major league class. What with this large addition of playing strength, the advantage of an intelligent and progressive manager, and the finest baseball plant in America, Cincinnati promises to be more conspicuous in a baseball way than it has been in many years.

During the past week local lovers of pugilism have been entertained by the talk and exhibitions of Jack Johnson, world's champion. The colored man positively declines to admit that there is any one on the list of boxers who can make him exert himself. "They all look alike to me," said Johnson, "and it isn't a question of the licking me, but simply a matter of how quickly I can put them out." Nothing further has been heard of his proposed battle with an obscure soldier, so that his fight with Jim Ryan on July 4th seems to be his next ring engagement. As yet no battle ground has been selected for this fight.

France seems to be taking a strong hold on the boxing game in America, England and Australia. Only recently new rules governing prizefighting were adopted by the French Federation de Boxe. The principal item in the rules is the regulation requiring floors of boxing ring to be thickly padded and that no boxer under 21 years of age be allowed to engage in a contest without the written consent of his parents. Bandages are permitted, the kidney punch is barred, gloves must weigh at least four ounces, and bouts are limited to twenty rounds duration. At present George Carpentier is the most prominent of the French pugilists. He recently won the European middle weight championship from Jim Sullivan and this week defeated George Gunther, the Australian colored champion. His next fight will be with Kid McCoy, the American boxer who is too meet Carpentier in Paris on May 12th for a purse of \$10,400.

Despite the fact that aviation is becoming more of a science and less of an experiment, the death roll of aviators is growing to monstrous proportions year after year. In 1908 there was but one victim; in 1909 there were three; in 1910—four; in 1911—five; in 1912—six.

while in 1911 it reached the deplorable record of 74. So far this year aviation has claimed 13 victims, the latest being C. B. Rodgers the young American who made the first flight across the United States from Ocean to Ocean. At the present ratio of deaths so far this year the casualty list for 1912 will exceed that of any previous year. And still they call it sport.

### Are You Blue and Worried?

Nervous? Some of the time really ill? Catch cold easily and frequently suffer from biliousness or headache? The reason is that your system does not rid itself of the poisons in the blood; just as impossible as it is for the grate of a stove to rid itself of cinders. The waste does up to exactly what the cinders do to the stove; make the fires burn low until enough cinders have accumulated and then prevent its burning at all. Your liver is sluggish—you are dull and heavy—sleep does not rest, nor is food appetizing. In this condition illness develops. Doctor Pierce's Golden Medical Discovery eradicates the poisons from the body—a glyceric alternative extract made from bloodroot, golden seal and mandrake root, stone and queen's root, without the use of alcohol. No matter how strong the constitution the stomach is apt to be "out of kilter" at times; in consequence the blood is disordered, for the stomach is the laboratory for the constant manufacture of blood.

Mrs. BENJ. BLAKE, of Post Dover, Ont., Box 35, writes: "I have been a great sufferer for years from throat trouble, catarrh, indigestion, female troubles, bloating, constipation and nervousness—at times I would be in bed, then able to be up again. Was under many different doctors' care, and would get better for a little while, then I would go down with chronic inflammation all through me. For nineteen years I had this poison in my blood. After trying nearly everything I got worse. I read in The People's Common Sense Medical Adviser of Dr. Pierce's Golden Medical Discovery and Dr. Sage's Catarrh Remedy. I have taken five bottles of Dr. Sage's Catarrh Remedy. I am now able to do my work and walk with pleasure. I feel like a new woman. I enjoy everything around me and thank God for letting me live long enough to find something that made me well again."

Dr. Pierce's Pleasant Pellets regulate liver and bowels.

## MRS. MCGILL BROKE DOWN

Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good. One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.  
Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

N. B.—Write: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

## THIS WOMAN'S TROUBLES GONE

Terrible Cramps, Dizzy Spells, Nervousness, Misery—Her Story of How She Got Well Again.

Hindsboro, Ill.—"Your remedies have relieved me of all my troubles. I would have such bearing down misery and cramps and such weak, nervous, dizzy spells that I would have to go to bed. Some days I could hardly stay up long enough to get a meal.

"The doctor's medicine did me no good so I changed to Lydia E. Pinkham's Vegetable Compound and got good results from the first bottle. I kept on taking it and used the Sensitive Wash with it, until I was well again. I think every woman who suffers as I have, could take no better medicine."—Mrs. CHARLES MATTISON, Box 58, Hindsboro, Ill.

## Testimony of Trained Nurse.

Cathlamet, Wash.—"I am a nurse and when I do much lifting I have a female weakness, but I take Lydia E. Pinkham's Vegetable Compound and I cannot say enough in praise of it. I always recommend it for female troubles."—Mrs. ELVA BARBER EDWARDS, Box 54, Cathlamet, Wash.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as those above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

Miss Charity Bradley of Flemingburg fell off the back porch at Rev. Jackson's in East Fourth street this morning and was badly hurt.

Frank Lyle died yesterday morning at his home in East Third street, after a protracted illness. He was born in Virginia, July 25th, 1850. Funeral this afternoon at 2 o'clock. Interment in Maysville Cemetery.

## RIVER NEWS

The gage marks 48.3 and falling.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.
